Pay range: £8550.34 to £9381.09 per annual session, depending on experience

York Medical Group is a large, inner city Primary Care Network, serving a population of 44,500 over 8 sites and have 180+ employees throughout the group. We have 14 GP Partners and 15 Salaried GP's plus a diverse range of clinical workforce following our clinical transformation over the past few years which include Pharmacists, ANP's, Physiotherapists, Same Day Practitioners, Health Care Assistants, Care Co-ordinators, Link Workers and Mental Health Workers. We are a training practice with the York Vocational Training Scheme and Hull York Medical School. Our clinical systems are SystemOne, INR*, Ardens and EPS. We have our own in-house Pharmacy Team which consists of 3 x Pharmacists, 1 x Technician and 1 x Assistant but are actively recruiting to increase this team for 2022 to reduce GP administration.

We offer a mix of either face to face and telephone/video consulting with an option of working some of your remote sessions from home where possible, which has proven popular with some of our GP's to ensure a work life balance.

We are looking for friendly, motivated, energetic, innovative and approachable GP's to join our fantastic team who can offer between 4 and 8 sessions per week. We will also be looking for 2 x maternity leave covers this year which may be of interest to GP's who are considering a career as a locum for fixed term work placements.

To arrange an informal chat with a GP Partner, please email your CV and covering letter to Vicki Turner, HR Manager at vicki.turner1@nhs.net
