

"Trust our family to look after your family"

An exciting opportunity has arisen to join a dynamic and innovative large GP practice in the centre of the historic and lively city of York. York Medical Group is a large, inner city practice, serving a population of 44,000 over 8 sites.

Due to the expansion of our group across York, we are now looking for a motivated Pharmacy Technician to join our existing Pharmacy team in order to support the provision of prescriptions further.

Pharmacy Technician

Hours: 37.5 hrs per week

Main duties:

To work under the Pharmacist to ensure the safe, accurate and timely supply of prescribed medication to patients. To provide technical and administrative support to the Clinical Pharmacist and Clinicians. Support the PCC team with complex queries around medication from patients. Support the implementation of medication changes under the guidance of the Clinical Pharmacy. Complete Audits around patient safety in the prescribing of medication and present the information for sharing with the clinical team.

The successful candidate will be expected to be flexible, have a positive outlook, be approachable and friendly and have a good sense of humour. To arrange a visit to the surgery or for an informal chat, please contact the HR department, otherwise please see corresponding Job Description.

Interested candidates are asked to forward their applications no later than the closing date of **16th March 2019**.
